

REPUBLIC OF SOUTH SUDAN  
**National Revenue Authority**  
Ag. Commissioner for Customs Division

**NOTICE: To all shipping and transporting companies to the Republic of South Sudan**

**Subject: Implementation of Electronic Cargo Tracking System**

This official communication is to notify all concerned authorities, shippers and different transporting companies that facilitate safe conveyance of different categories of cargoes to final destinations in South Sudan that, South Sudan Customs Service entered into contractual agreement on 26<sup>th</sup> October 2022 with Antaser Afrique Limited company to implement an Electronic Cargo Tracking Note System that include,

Maritime: from various ports of charging to the maritime ports of discharge like: Mombasa, Port Sudan and other ports that handle our Cargoes, and for all shipments to and from (transit cargo included), shippers or forwarders are required to issue an ECTN **in the ports of loading** for cargoes entering the Republic of South Sudan for purpose of Customs clearance and submit to Antaser Afrique Limited for Validation.

Each Bill of Lading must be covered by one ECTN. The ECTN must be **issued and validated at the loading port** and are elemental to import clearance by South Sudan Customs Service. Any cargo with no valid ECTN will **NOT be cleared** through the local customs until clearance of fines and presentation of appropriate and valid ECTN is done.

Shipping lines are ordered to insert the **UNIQUE ECTN number in the Bill of Lading and cargo manifest**. Failure to do so penalty or fines against the shipping lines amounting to USD5.000 per infraction will be charged.

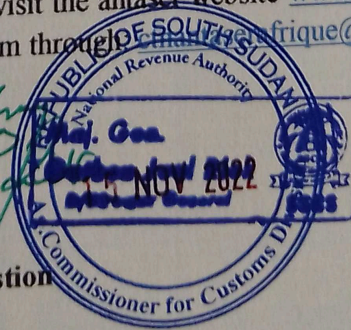

This measure will come to force as from the 26<sup>th</sup> October 2022.

All shippers and forwarders are expected to register at the Antaser website: [www.antaser.com](http://www.antaser.com) or use their existing user name and password for their Antaser Afrique login to start issuing ECTN's for South Sudan.
